Member Tour!

# PLANT TOUR

Hosted by Paranet Member Bob Beltrame and the Team at CMCO/Magnetek

**NEW DATE!**

**Columbus McKinnon—Menomonee Falls Facility**

Thursday, February 10, 2022 | 7:30-10:00 am

N49W13650 Campbell Drive | Menomonee Falls, WI 53051

## ABOUT OUR HOST

**Columbus McKinnon** is a global leader in lifting and intelligent motion control technology. **Magnetek** was founded in 1984 and is headquartered in Menomonee Falls. Magnetek specializes in the development, manufacture and marketing of digital power and motion control systems for material handling, people-moving, and mining applications. Magnetek's power control systems serve the needs of selected niches of traditional and emerging commercial markets that are becoming increasingly dependent on "smart" power.

## WHAT YOU WILL SEE:

1. SQDC Stations
2. ProPath and Panel CNC
3. Engineering Lab Crane Demo - [watch the video here](#)

## WHAT TO EXPECT:

- Networking
- Introduction to CMCO/Magnetek
