A PARANET GROUP IN-PERSON ROUNDTABLE EVENT

## **NAVIGATING THE FAMILY-OWNED BUSINESS AS A NON-FAMILY MEMBER**

**Wednesday, July 27, 2022 • 8:00-11:00 am • Paranet Group Headquarters**

*Facilitated by The Paranet Group's Kelly Rudy and Linda Kiedrowksi*

### **Are you working for a family-owned business as a non-family member?**

*It's highly likely that you are, since a large percentage of midsize US manufacturers are family-owned!*

**Join us this July** for a roundtable discussion where we will hear from other Paranet Members who are in a similar situation. **Find out what's working for them and what's not.** We will discuss:

- Real-world experiences, challenges, and benefits of working at a family-owned business
- Why sharing the mission and values of the family business is key
- Survival tips for successfully navigating the family business agenda and other family dynamics
- Learn where you fit in: how outside experience can offer a fresh perspective and make you indispensable

### **Who Should Attend This Event?**

Anyone who is working in a family-owned business currently, or who has worked in a family-owned business previously who would like to learn and share tips and advice surrounding this topic.

### **Family-Owned Paranet Member Companies** (to name a few!):

Andis, Bradley Corporation, Enercon, Lyco, Regal Ware, Rockline, Server Products, and The Paranet Group

**Register Now** for **Navigating the Family-Owned Business as a Non-Family Member.**
