

EXPERIENCE THE COLLABORATION BETWEEN INDUSTRY AND ACADEMIA AT THE: UWM CONNECTED SYSTEMS INSTITUTE TOUR

Thursday, October 21, 2021 | 9:30 am -12:00 pm

2311 E. Hartford Ave., Milwaukee, WI | Parking at: 2200 E. Kenwood Blvd., Milwaukee, WI

ABOUT OUR HOST

Embrace the smart manufacturing technology revolution with a tour of UWM's Connected Systems Institute! The Connected Systems Institute (CSI) at the University of Wisconsin-Milwaukee is a convergence of machines, technology, and people. It was founded to help Wisconsin companies accelerate innovation, meet demand for skilled workforce, and drive economic growth through market disruption. The CSI develops manufacturing domain specialists through education, state-of-the-art lab facilities and advanced research.

WHAT YOU WILL SEE:

- Advanced Manufacturing Test Bed Demonstration
- Industrial Data Center

WHAT TO EXPECT:

- Networking
- Overview of the Connected Systems Institute
- Tour of the Connected Systems Institute
- Q&A with the Connected Systems Institute Team
